To Steve from Armando

23/2/06 Penny + Joan to Rains to look at new forestry track to the east of the FLV valley.

Behind site 1616 are two 2m deep holes that need a look in. Returning down the stream site 2362 is an obvious alcove just to the left of the stream where the water flows through a level, grassy plain.

Walked up entrance which wouldn't take too long to open up. Seems to ~~drop~~ slope down to water, or fill in again.

24/2 Steve + Phil - more digging in Bail in the Bay (868) + Ian

26/2 ~~Through trip Oribiza (27) (25) to Risco via the Sala Cortada Bypass~~
~~Pete, Steve + Phil. Too wet.~~
