

Surveyed 1975-2018 by J. Yeaton, L. Mills, M. Wood, P. Smith, S. Martin, Jenny Cornin, Carol Smith, I. Chandler, P. Papard, Carmen Smith, J. Sims, N. Dabben, T. Howard, A. Ives, P. Hall, Darren Jarvis, Fran McDonald, Alba Castillo, P. Fretwell, P. Doid. Drawn by P. Smith

Notes

- (1) The connection with the bottom entrance, Cueva Tiva, is currently blocked by domestic waste.
- (2) About 250m was surveyed in the Torito Series in 1975 but this still needs re-surveying.
- (3) The end of the passage could be dug to a continuation. At the base of the ps, there is a squeeze onto a second short pitch.
