 (Added May 2014. No other coordinate alterations made to this survey)

- 1: Extended (down p16) and completely resurveyed 2001 to BCRA 5c; Hidden Hole digs surveyed 2002
- 2: Top entrance series extended by 80m and re-surveyed 2008. At this time the entrances were re-positioned using GPS and survey 1 fitted around the adjusted centre line. The projected section from 1 has not been adjusted or re-drawn. The 2008 projected section has been stretched around a centre line computed after it was drawn up.
- 3: c+4 extensions near the bottom entrance added from the Easter 2014 Expedition (JC)
