

MAIN TACKLE STORE INVENTORY

The following multi-page document lists the contents of the main tackle store.
The OUT MAIN page is for "Tackle Used and Returned" from the Main Store.

The tackle is stored mainly on shelves with some rope on numbered
pegs and some rope in bags stored at the back against the wall.

There are two sets of numbered shelves, Left L and Right R, with
the tackle location shown on the tackle lists.

Please return (clean) tackle to the same locations and send Juan a photo
of the completed "Tackle Used and Returned" form so that items can
be topped up as necessary.
